GET YOU HOME SAFE

BRAND STORY

Established with the vision of getting customer HOME SAFE, we have specially crafted a line - **OIVIO** SHIELD safety shoes to put forward our dream. Live with the philosophy of producing high quality, reliable and value for money gears for customers to withstand the most testing working environment, we strive to improve every detail from protection, materials, comfortability to styling in order to provide maximum safety and excellent wearing experience. It is our hearty vision to ensure every customer getting home safe after work to enjoy quality time with their family.

The logo of **OIVIO** SHIELD features the philosophy of OIVIO in crafting safety shoes – apart from intrinsically embedded the brand name OIVIO in the triangular icon, the “V” shape denotes that we **V**alue the safety of our customers and strive to provide **V**alue for money products for our customers. The interlocking of the blue and grey “V” represents our trusted partnership with our customers. The embracing shield provides a guarantee of maximum protection to our customers.

OUR HISTORY

OIVIO SHIELD is a trademarked brand created by the Hong Kong-based - **K. Trend Footwear Limited**. Established in 1995 with the vision of producing trendy, stylish, high quality and value for money footwear and handbag for international market, K. Trend has been enjoying reputed status in the industry for its trustworthiness and caring to customers and celebrating its long-term business, yet rampart relationship with various worldwide brands, such as NEXT UK, Tommy Hilfiger, Replay, and more.

YOUR SAFETY FIRST

OIVIO SHIELD safety shoes are tested and comply with EN ISO 20345: 2011 - footwear equipped with toecaps, which protects our customers from impacts and crushing, with resistance to energies up to 200J and to pressure loads of at least 15kN.

EN ISO 20345: 2011 safety shoes have all the basic properties of safety basic (SB), and are mainly divided into the following categories: S1, S1P, S2, S3

Safety footwear (Comply with Standard EN ISO 20345: 2011)

Category	Characteristics
SB	Basic safety requirements
S1	SB + Closed heel zone, anti-static properties, energy absorption in the heel, resistance of the sole to hydrocarbons (fuel oil)
S1P	S1 + resistance of the outsole to perforation (puncture resistant)
S2	S1 + resistance of the upper to water penetration and absorption
S3	S2 + resistance of the outsole to perforation (puncture resistant), cleated soles

SAFETY STANDARD GUIDE

To facilitate customers in choosing suitable safety shoes, here are the some generic conditions for a distinction between S1, S1P, S2, S3 categories:

YOUR TRUSTED GEAR

OIVIO SHIELD Safety shoes were certified to the recognised EN20345 standard. Customers are ensured to enjoy the top level protection, including steel toecap for protection against impact, protective midsole to prevent piercing from sharp objects such as nails and an energy absorbing heel for comfort, slip resistance protection, making the OIVIO safety shoes suitable for where there are risks of slips and trips in the workplace

A close-up photograph of a family of three. A woman with long brown hair is smiling broadly, her eyes closed, as she kisses a young child on the forehead. The child is also smiling widely, showing their teeth. A man with a beard and mustache is smiling at the bottom of the frame, his head tilted back. The background is bright and out of focus.
